

INDEX

A

- Abdominal surgery. Burst abdomen – clinical features and factors influencing mortality 2/183
- Abortions. Repeat abortion in Denmark 1/89
- Acute myocardial infarction. Cardiac function in hospital survivors of acute myocardial infarction. Evaluation by radionuclide ventriculography 5/423
- Acute myocardial infarction. Heart rate index: an indicator of left ventricular ejection fraction. Comparison of left ventricular ejection fraction and variables assessed by exercise test in patients studied early after acute myocardial infarction 4/363
- Acute myocardial infarction. Prognostication in acute myocardial infarction by early echocardiographic estimation of left ventricular ejection fraction. Multivariate statistical comparison with a clinical prognostic index and its components 2/177
- Acute myocardial infarction. The platelet-vessel wall interaction in experimental atherosclerosis and ischaemic heart disease with special reference to thrombopoiesis 2/110
- Adenocarcinoma. Prognosis and prognostic factors in adenocarcinoma of the lung 5/453
- AIDS. Adverse effects associated with intravenous pentamidine isethionate as treatment of *Pneumocystis carinii* pneumonia in AIDS patients 4/366
- AIDS. HIV infection among intravenous drug users in Copenhagen 2/181
- Airways, lower. Mucus production in the lower airways. A review of experimental studies 4/289
- Allergic diseases. Oral immunotherapy of adults with allergic rhinoconjunctivitis. Clinical effects in birch and grass pollinosis 6/542
- Almind, Merete, Kaj Viskum, Torben Evald, Asger Dirksen & Axel Kok-Jensen: A seven-year follow-up study of 343 adults with bronchial asthma 6/561
- AMI. Cardiac function in hospital survivors of acute myocardial infarction. Evaluation by radionuclide ventriculography 5/423
- AMI. Heart rate index: an indicator of left ventricular ejection fraction. Comparison of left ventricular ejection fraction and variables assessed by exercise test in patients studied early after acute myocardial infarction 4/363
- AMI. Prognostication in acute myocardial infarction by early echocardiographic estimation of left ventricular

- ejection fraction. Multivariate statistical comparison with a clinical prognostic index and its components 2/177
- AMI. The platelet-vessel wall interaction in experimental atherosclerosis and ischaemic heart disease with special reference to thrombopoiesis 2/110
- Amniocentesis. Studies of various aspects of Down syndrome in Denmark, and their use as an epidemiological basis for a cost benefit analysis of genetic amniocentesis 6/489
- Anaesthesia. Influence of local anaesthesia and local hypothermia on leucocyte, temperature, and transferrin response to surgery 1/86
- Analgesics. Epidemiology of pain requiring strong analgesics outside hospital in a geographically defined population in Denmark 5/464
- Andersen, Hans J. Scheel: Habits and rituals 3/273
- Andersen, Karen Vitting, Niels Hermann & Thomas Gjørup: Perinatal audit. Are experts biased by knowledge of outcome? A controlled study 2/197
- Andersen, Poul Klint: See Nielsen, Hans Kirkegaard 2/190
- Appleyard, Merete: See Berning, Jens 2/177
- Askegaard, Vagn: See Lauritzen, Jes Bruun 1/91
- Asthma. A seven-year follow-up study of 343 adults with bronchial asthma 6/561
- Atherosclerosis. The platelet-vessel wall interaction in experimental atherosclerosis and ischaemic heart disease with special reference to thrombopoiesis 2/110
- Autonomic nervous dysfunction. The pupil of the eye in diabetes mellitus, an indicator of autonomic nervous dysfunction 5/400

B

- Bacteriology. The molecular biology and diagnostics of *Chlamydia trachomatis* 4/304
- Balslev, Ulla & Thyge L. Nielsen: Adverse effects associated with intravenous pentamidine isethionate as treatment of *Pneumocystis carinii* pneumonia in AIDS patients 4/366
- Bergmann, Olav J.: Oral infections in haematological patients. Pathogenesis and clinical significance 1/15
- Berning, Jens, Frank V. Steensgaard-Hansen & Merete Appleyard: Prognostication in acute myocardial infarction by early echocardiographic estimation of left ventricular ejection fraction. Multivariate statistical com-

parison with a clinical prognostic index and its components	2/177
Beta-cell function. C-peptide used in the estimation of islet beta-cell function in diabetes	5/438
<i>Birkelund, Svend</i> : The molecular biology and diagnostics of Chlamydia trachomatis	4/304
Bleomycin. Late-effects after treatment for germ-cell cancer with cisplatin, vinblastine, and bleomycin	5/391
Blood flow. Changes in human cerebral blood flow estimated by the (A-V)O ₂ difference method	4/335
Blood flow. Non-invasive quantitative measurement of blood flow and estimation of vascular resistance by the Doppler ultrasound method. Methodological studies and clinical application on the fetus and the transplanted kidney allograft	1/1
Blood malignancies. Oral infections in haematological patients. Pathogenesis and clinical significance	1/15
Blood platelets. Platelet immunology. ELISA for detection of platelet antibodies, platelet-specific antigens and platelet glycoproteins	4/343
Bone marrow. Magnetic resonance imaging and spectroscopy of the bone marrow in vivo - with special attention to the possibilities for tissue characterization in patients with leukemia	5/369
Brain scintigraphy. Computed tomography (CT) in cerebral apoplexy	4/279
Bronchial asthma. A seven-year follow-up study of 343 adults with bronchial asthma	6/561
<i>Bukhave, Klaus</i> : Prostaglandin E ₂ in intestinal secretion with special reference to methodological problems in vivo and in vitro	2/95

C

C-peptide used in the estimation of islet beta-cell function in diabetes	5/438
Calcium homeostasis. Familial hypocalcaemic hypercalcaemia	4/321
Cancer testis. Late-effects after treatment for germ-cell cancer with cisplatin, vinblastine, and bleomycin	5/391
Cardiac function in hospital survivors of acute myocardial infarction. Evaluation by radionuclide ventriculography	5/423
Cardiology. Prognostication in acute myocardial infarction by early echocardiographic estimation of left ventricular ejection fraction. Multivariate statistical comparison with a clinical prognostic index and its components	2/177
Cerebral apoplexy. Computed tomography (CT) in cerebral apoplexy	4/279
Cerebral blood flow. Changes in human cerebral blood flow estimated by the (A-V)O ₂ difference method	4/335
<i>Charles, Annie V.</i> : See <i>Eiskjær, Søren P.</i>	1/83
<i>Charles, Annie V.</i> : See <i>Schrøder, Henrik Morville</i>	1/81
Chlamydia trachomatis. The molecular biology and diagnostics of Chlamydia trachomatis	4/304
<i>Christoffersen, Henrik</i> : Housing of the elderly	3/238
Chromosome analysis. Studies of various aspects of Down syndrome in Denmark, and their use as an epidemiological basis for a cost benefit analysis of genetic amniocentesis	6/489
Cisplatin. Late-effects after treatment for germ-cell cancer with cisplatin, vinblastine, and bleomycin	5/391
<i>Clemmensen, Peter H.</i> : See <i>Hadersdal, Carsten</i>	4/363
Computed tomography (CT) in cerebral apoplexy	4/279
Cord blood bilirubin. Prediction of later hyperbilirubinaemia by measurement of skin colour on the first postnatal day and from cord blood bilirubin	2/193

Coronary heart disease. Lipid and lipoprotein profiles in postmenopausal women. Effects combined hormone replacement therapy	1/64
--	------

D

Dehiscence. Burst abdomen - clinical features and factors influencing mortality	2/183
Developing countries. Defence mechanisms and immune evasion in the interplay between the humane immune system and Plasmodium falciparum	1/49
Diabetes mellitus. A model of the pathogenesis of insulin-dependent diabetes mellitus	6/509
Diabetes mellitus. C-peptide used in the estimation of islet beta-cell function in diabetes	5/438
Diabetes mellitus. The pupil of the eye in diabetes mellitus, an indicator of autonomic nervous dysfunction	5/400
<i>Dirksen, Asger</i> : See <i>Almind, Merete</i>	6/561
Doppler ultrasound. Non-invasive quantitative measurement of blood flow and estimation of vascular resistance by the Doppler ultrasound method. Methodological studies and clinical application on the fetus and the transplanted kidney allograft	1/1
Down syndrome. Studies of various aspects of Down syndrome in Denmark, and their use as an epidemiological basis for a cost benefit analysis of genetic amniocentesis	6/489
Drug users. HIV infection among intravenous drug users in Copenhagen	2/181

E

<i>Ebbehøj, Niels</i> : Pancreatic tissue fluid pressure and pain in chronic pancreatitis	2/128
Echocardiography. Prognostication in acute myocardial infarction by early echocardiographic estimation of left ventricular ejection fraction. Multivariate statistical comparison with a clinical prognostic index and its components	2/177
